

Steep Cliffs

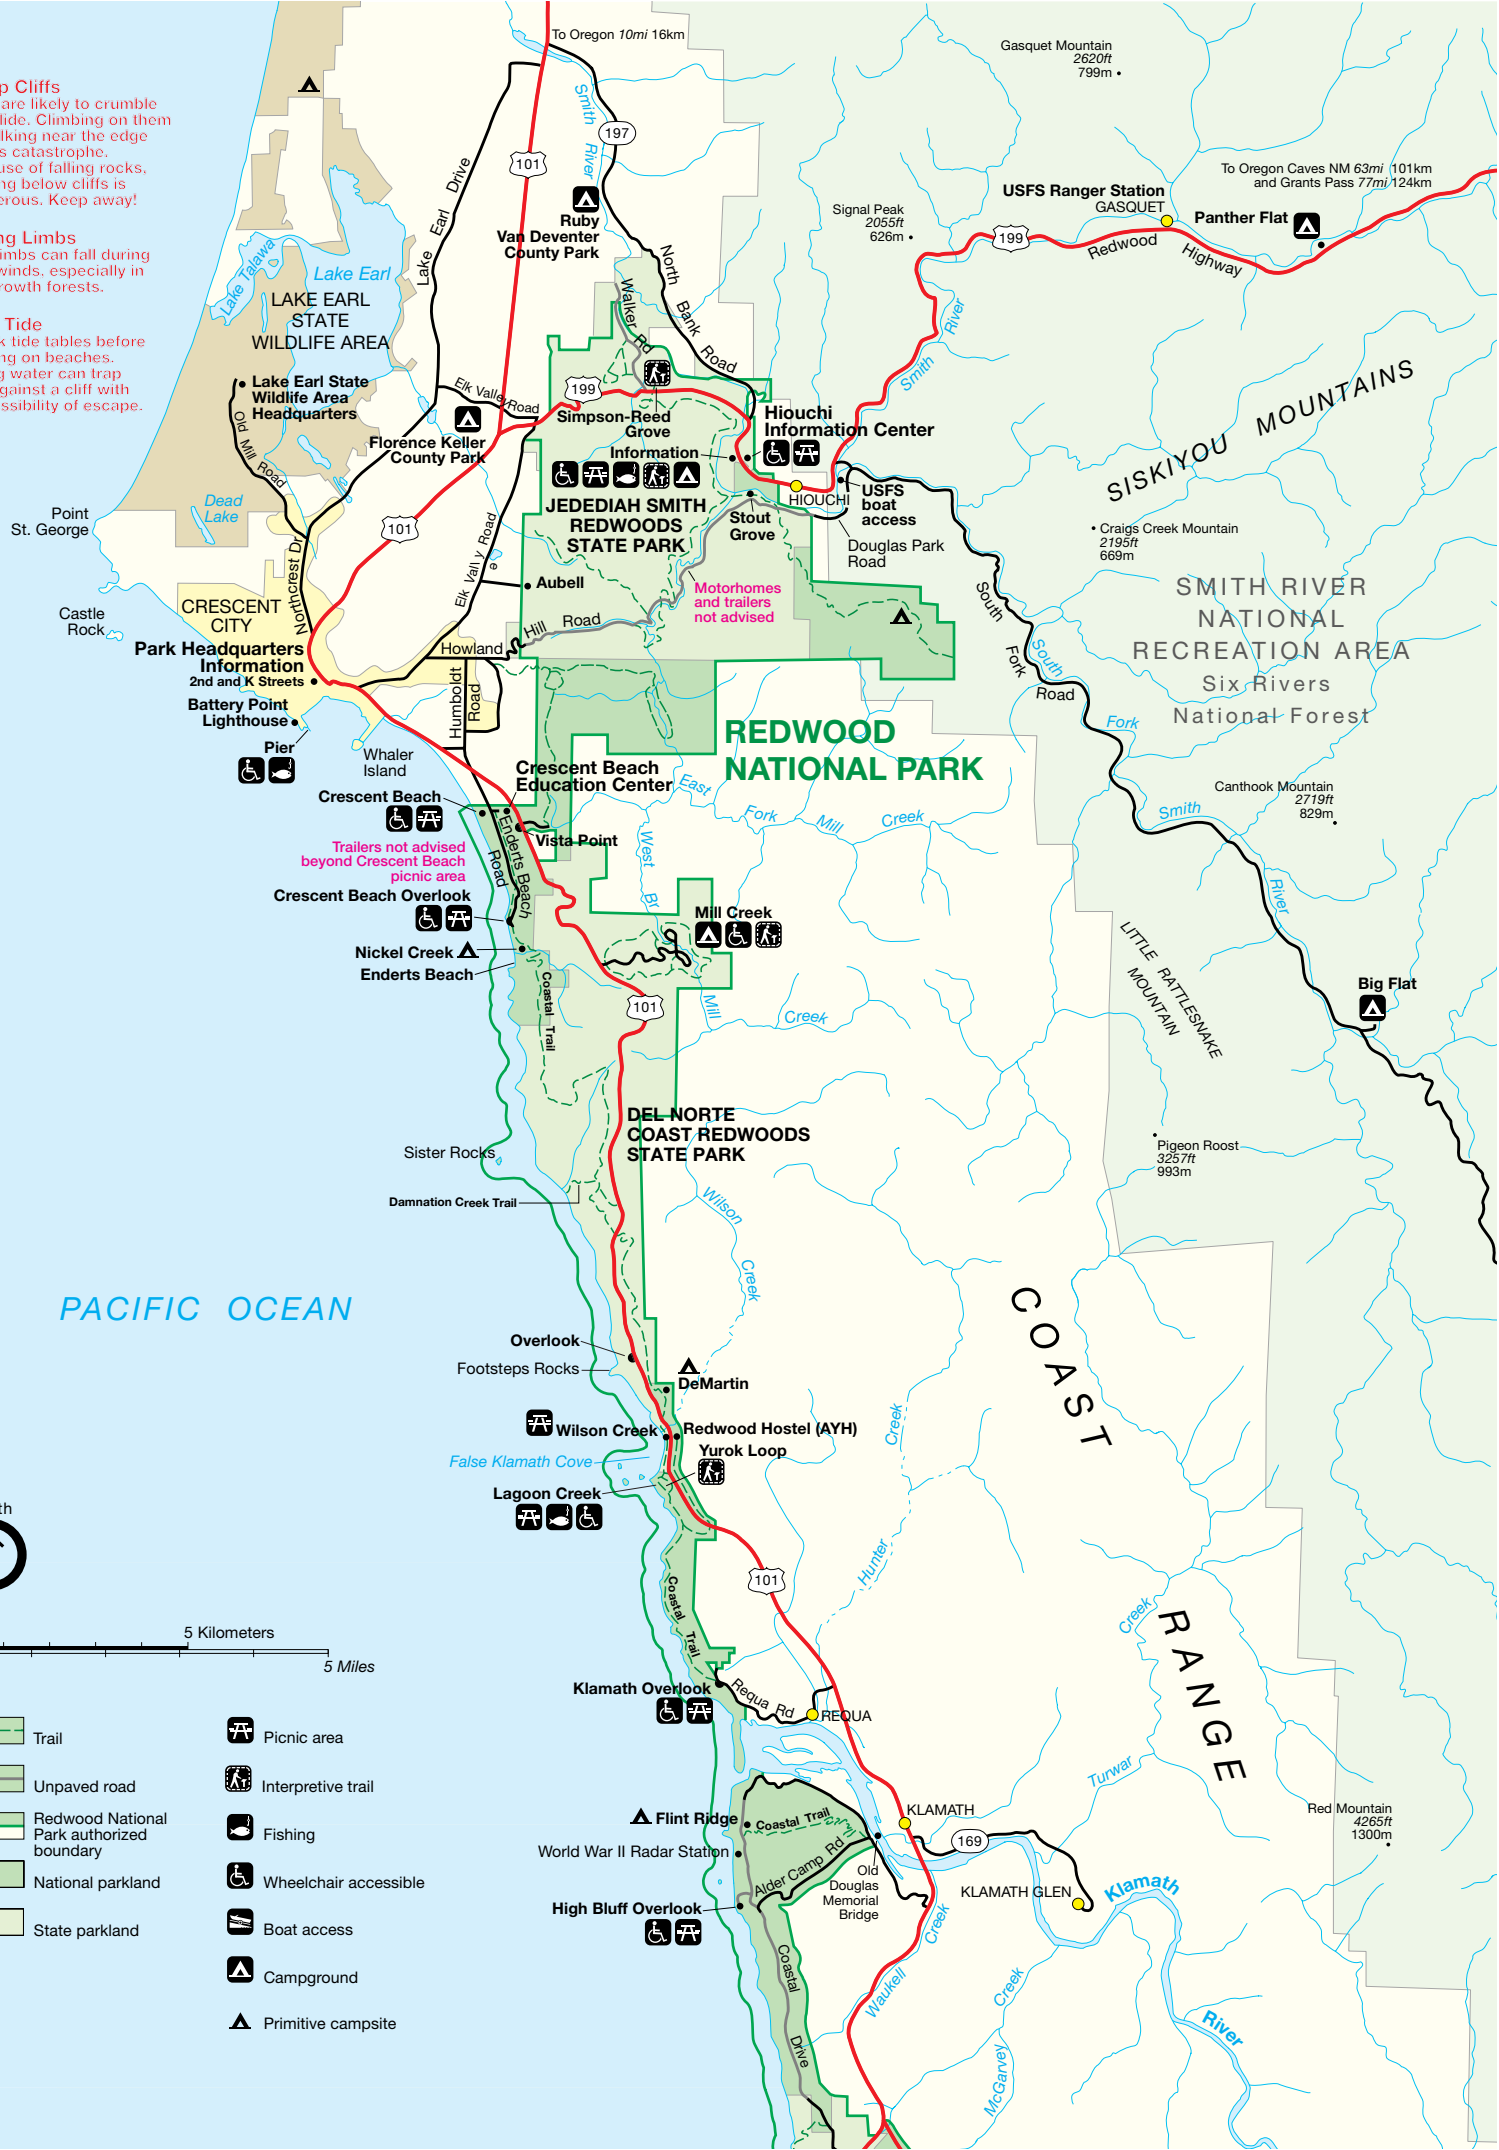

Cliffs are likely to crumble and slide. Climbing on them or walking near the edge invites catastrophe. Because of falling rocks, walking below cliffs is dangerous. Keep away!

Falling Limbs

Tree limbs can fall during high winds, especially in old-growth forests.

High Tide

Check tide tables before walking on beaches. Rising water can trap you against a cliff with no possibility of escape.

PACIFIC OCEAN

- Trail
- Unpaved road
- Redwood National Park authorized boundary
- National parkland
- State parkland
- Picnic area
- Interpretive trail
- Fishing
- Wheelchair accessible
- Boat access
- Campground
